

Workplace Values

Do you think your boss has the same workplace values as you do?

Rank the following workplace values from 1 to 9 in order of importance.

Do your ranking first, according to your values.

Next, rank the values according to what your boss would think, (1 = most important).

WORKPLACE VALUES	YOU	YOUR BOSS
Integrity (knowing my values and sticking to them)		
Loyalty to the organisation		
Punctuality		
Making more money		
Equality		
Lifelong learning		
A commitment to maintaining a high standard of service		
Respect and regard for mates and bosses		
Knowing that I am appreciated by other staff and management		

What values may be different, and could this cause conflict?

What can you do? (acknowledge, respect and understand the differences – you do not have to agree with them).
